

Accreditation

The KTC Kommunikations und Trainings-Center Königstein was accredited as a Certified Conference Hotel in January 2007.

"Certified Conference Hotel" is an initiative of the Association of German Travel Management (Verband Deutsches Reisemanagement e.V. (VDR)), the Deutsche Gesellschaft für Verbandsmanagement e.V. (DGVM) and the German Convention Bureau e.V. (GCB) and was created in July 2005. Since then professional convention hotels are awarded the rating of Certified Professional Conference Hotel.

In keeping with this certification the KTC has pledged to maintain a high standard of excellence and offer a professional conference service. The KTC is well known and ranks amongst the top professional conference venues. As star ratings for hotels are based on the size and equipment of the rooms the KTC has been rated as a 3-star superior hotel.

The KTC Königstein is a professional conference center with high added value.
